On this nar-row way that I tra-vel on It's a dus-ty road and the jour-ney's long But You
It's a part of life I will have my trials But Your love is worth e-v'ry lon-ley mile As I'm

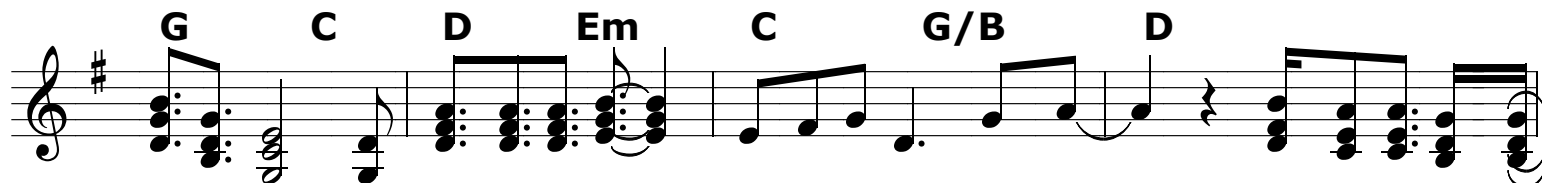

pro-mised me I am not a-lone And You wait for me just to lead me home E-v'ry-day
clo-ser now than the day be-fore to my home e-ter-nal for-e-ver more

You show me that I need You on-ly When I

walk with You and we talk things o-ver when I take the time to lis-ten With Your

gen-tle voice You draw me clo-ser Dee-per in-to Your truth When I walk with You.
